Microsoft Security Consultant

Microsoft, cloud & infrastructure, some experience, consultant Belgium share on
You combine your experience and passion to find the right security solution for our customer balanced to their business risk. You have a flexible attitude to first architect, but afterward also configure the **security solutions** As a Microsoft Securityconsultant, you stay involved and engaged in each project. You love to show off your security skills as you **improve the security estate at our customers.**

You are **ambitious** and eager to implement security products or configurations in **broad range of environments** , be it a regular datacenter or a top notch IoT environment! You are keen on growing and **diversifying your Microsoft Security skills** while working in a team of experts. You are committed to **expand your knowledge** by staying up-to-date on the latest technologies in your field and **mentoring** your less-experienced colleagues to help our team grow further.

Apply for Microsoft Security Consultant!

Thank you for your application.

We will get back in touch with you soon! Have a great day!

read our stories

Who are we?

We are the **Cloud Enablement and Operations** team, and we embrace **both Microsoft and SAP cloud technologies** as we implement business applications and custom solutions for our customers. We are the **youngest team in delaware** but count more than 20 expert colleagues and... 80% of us named Ice Tea as their favorite drink!

We exist to make sure developers can focus on development, while we **setup & maintain the cloud platform** . Secondly, we ensure **productive and secure workplaces** for our customers. Our biggest challenge is to keep up with the fast pace of cloud innovation. Our trademark is working on **innovative projects**. We already set up the largest Azure PaaS platform in Belgium and realized a cloud migration that even Microsoft did not believe in. Just so you know: delaware has its offices in **Antwerp, Ghent, Kortrijk, Lummen, Liège** and **Wavre**, but we also spend a lot of time working together with our customers **site** .
