MS Integration Project Manager

Microsoft, software development, some experience, consultant Belgium share on

You're an experienced IT project manager and a bit of a juggler. You can keep an overview of ongoing projects and make sure they get delivered within time and budget.

You are the linchpin who connects all project components, from analysis to architecture design, from planning to development, from testing to Go Live and everything in between. Your planning capabilities are impeccable.

Does keeping in close contact with our customers to discover their needs while also staying in touch with the technical and functional side of things sound like the ideal combo to you?

Then we want to hear from you!

Apply for MS Integration Project Manager!

Thank you for your application.

We will get back in touch with you soon! Have a great day!

read our stories

Who are we?

We're the Microsoft Integration team: we detangle the IT jungle that many companies have created out of their different systems, technologies, apps, and tools. We make sure

everything is logically structured by making applications 'talk' to each other. Our tools? Azure Integration Services, Azure Storage, SQL, C# & .NET and more...

We're a tight-knit young and growing community of 40+ awesome technologists who build Azure solutions that integrate people, information and business processes. Here's an example of an innovative integration solution we're really proud of.

As a team, we not only have a very strong sense of belonging, all of us are absolutely convinced of the enormous growth potential of IoT to almost every type of business and industry.

Just so you know: delaware has its offices in Antwerp, Ghent, Kortrijk, Lummen, Liège, and Wavre, but we also spend a lot of time working together with our customers on-site.
