Company: Flexcity

Location: Saint-Gilles

Category: computer-and-mathematical

Job Description

All our positions include engineering/technical knowledge or being very keen to fast learn about it

Qualifications

If you

have an engineering background

are passionate about the energy sector

love to learn new things everyday

and to share your knowledge

want to be part of a fast growing company

speak English and French/Dutch/Italian/Spanish/or any other language

Additional Information

Nice-to-have

You have experience in business development in the energy field (electricity, gas, oil) or with big industrials

You have that intrapreneur mindset

You already have a network or the ability to create one easily

Additional Information

Our offer

You will get a job with lots of responsibility and freedom.

You will join an enthusiastic team within an informal company culture.

We offer an attractive salary package.

We encourage innovation in new Energy services and inspire through interesting projects.

We support training possibilities.

We promote (inter)national mobility and flexible working hours.

We create a sense of community through team events.

As an inclusive company, Veolia is committed to diversity and gives equal consideration to all applications, without discrimination.
