

## Pharmaceutical Quality Control

[Apply Now](#)

Company: Amaris Consulting

Location: Belgium

Category: healthcare-practitioners-and-technical

### Job description

As a member of our pharmaceutical consulting team, you will play a crucial role in ensuring the quality of pharmaceutical products and processes for our clients. You will be responsible for ensuring compliance with regulatory standards and good manufacturing practices (GMP), while contributing to process optimization and continuous quality improvement.

### Responsibilities:

Perform quality control analyses and tests on raw materials, intermediate, and finished products, using appropriate analytical methods.

Monitor and evaluate manufacturing processes to ensure compliance with specifications and quality standards.

Identify and resolve quality issues and regulatory deviations, proposing corrective and preventive actions.

Participate in the writing and updating of validation protocols and quality control procedures.

Collaborate closely with production, R&D, and regulatory teams to ensure compliance and continuous improvement.

Contribute to staff training on laboratory best practices and quality control procedures.

### **Preferred Qualifications:**

University degree in pharmaceutical sciences, chemistry, biology, or related field.

Previous experience in quality control in the pharmaceutical industry or laboratory.

Knowledge of pharmaceutical regulations, including GMP, GLP, and international guidelines.

Skills in analytical techniques such as chromatography, spectrometry, and assay methods.

Ability to work independently and as part of a team, with attention to detail and a commitment to excellence.

Proficiency in English and French (spoken and written).

### **Why Join Us:**

Be part of a dynamic and innovative team in the pharmaceutical field, offering opportunities for professional development.

Work with renowned clients in the pharmaceutical sector, contributing to cutting-edge projects and innovative solutions.

Access specialized training and resources to develop your skills and expertise.

Opportunity to work on a variety of projects and gain diverse experience in the pharmaceutical industry.

*Amaris Consulting is committed to promoting diversity within its workforce and creating an inclusive working environment. We welcome applications from all qualified individuals, regardless of gender, sexual orientation, race, ethnic origin, creed, age, marital status, disability or any other characteristic.*
