Procurement Management Consultant

management consulting, supply chain & operations, some experience, consultant Belgium

share on

You're a **dynamic** and motivated business professional who thrives in a **fast-paced** environment. You like being **at the center** of transformation projects.

You are **energized** by productive **brainstorming** sessions with management, in-depth data **analyses** and **agile** consulting. You're quick to understand business **challenges** and propose **strategic** (and technological) **solutions** to help improve **procurement** processes.

You are a quick thinker, you're **flexible** and can handle the **uncertainty** our customers face in their **business transformation** journeys – you're there to guide them into the right direction!

Apply for Procurement Management Consultant!

Thank you for your application.

We will get back in touch with you soon! Have a great day!

read our stories

Who are we?

At delaware, we have a dedicated **Management Consulting** team that helps companies to **transform beyond technology** . We operate across industries and tackle the needs

and challenges of different stakeholders, helping them to transform their function, their team, their strategy and ultimately, their business model. We leverage our **expertise** to improve business **performance** and grow world-class capabilities.

As a management consultant specialized in **procurement** , you will be joining **Spend Management** team, that advises companies on how to optimize their procurement organization and spend management activities, such as supply management strategy, strategic sourcing & category management, supplier relationship management, operating process and performance management. This is a **growing practice** within delaware, with lots of opportunities for you to shine in projects!

Just so you know: delaware has its offices in **Antwerp, Ghent, Kortrijk, Lummen, Liège** and **Wavre** , but we also spend a lot of time working together with our customer **on-site** .
