

Project Engineer Building Materials

[Apply Now](#)

Company: DEME

Location: Belgium

Category: computer-and-mathematical

Unlock your potential with DEME Building Materials, a dynamic division of DEME and Europe's premier supplier of marine sand and gravel to the construction sector.

Elevate your career by becoming a valued member of our team. Join the DEME family and embark on a journey of growth and innovation.

As a Project Engineer for our DBM vessels, you will play a vital role in translating client orders into comprehensive operational plans for our fleet.

Develop operational plans in the most optimal and economic manner, considering various preconditions.

Act as the primary point of contact for clients, showcasing strong communication skills. Maintain regular contact with clients in the UK, NL, BE and FR.

Conduct regular site visits to ensure operational efficiency and address any on-site challenges.

Work closely with the operations team, reporting directly to the DBM Operations manager.

Support the operations Manager in implementing continuous cost control measures and optimizing fleet and business processes.

Degree or experience in a related field.

Genuine interest in the world of DEME Building Materials.

Excellent communication skills.

Willingness to work from our HQ in Zwijndrecht, Belgium.

Interest in supply chain and planning.

Effective collaboration in a team, ensuring seamless integration between stakeholders.

Fluency in Dutch and English; French proficiency is a plus.

An extensive mobility program for a healthy work-life balance.

A permanent training track which allows you to develop yourself personally and professionally.

A stimulating, innovative workplace with numerous growth opportunities.

A people-oriented environment with an interactive health program and a focus on employee wellbeing.
