

## Project Engineer Hoogspanning

[Apply Now](#)

Company: ATS Automation

Location: Antwerp

Category: computer-and-mathematical

### Job Description

What will you do?

Work on electricity projects with a focus on high voltage within our engineering team. Translate designs into practical solutions, collaborate in multidisciplinary teams. Manage budgets, establish specifications, and choose the best partners. Be the first point of contact for electrical work, establish and comply with safety regulations, and commission systems.

### Location:

Daily presence required in Puurs, starting at 7:30 am to supervise contractors. Flexibility for occasional remote work.

### Profile

#### Who are we looking for?

Someone with a Master's or Bachelor's degree in Industrial or Civil Engineering, Electromechanical Engineering, or equivalent by experience. At least 3 years of experience with high voltage. Fluent in Dutch and basic knowledge of English.

### Advantages:

Familiar with Caneco, AREI, E-Plan. VCA certificate, experience in the pharmaceutical industry, and AutoCAD. Strong in communication, customer-oriented, and good at project management.

### Our offer

#### What does PA Solutions offer you?

**Exclusive Compensation Package:** Enjoy a superb salary, enriched with fringe benefits,

including comprehensive insurances and meal vouchers.

**Sustainable Mobility Solutions:** Drive in style with a fully electric company car, complete with a European charging pass and the option for a home charging station.

**Continuous Professional Development:** Broaden your horizons with ongoing personal and professional growth opportunities, both horizontally and vertically within our company.

**Dynamic Team Climate:** Become part of a close-knit team, where collaboration and team spirit are celebrated with regular social events.

### Apply!

Are you ready to apply your expertise at PA Solutions and be part of our dynamic team?

Send your application to [jobs.be@pa-ats.com](mailto:jobs.be@pa-ats.com)

Only candidates who meet the requirements will be invited for an interview.
