**Python/C++ Software Engineer**

**Apply Now**

Company: OMP

Location: Belgium

Category: computer-and-mathematical

**Your challenge**

>

**Your team**

As a Data Science Software Engineer, you'll join the software development team, as part of the Product Development organization. Product Development consists of specialized teams that focus on a specific domain such as demand and supply planning, user experience, data science, integration, solvers, and more. These teams drive our product road map, share OMP's vision and expertise and create smart, robust, and scalable software solutions that solve our customers' complex supply chain planning challenges.

**Your profile**

We are looking for someone who meets the following qualifications:

A Master's in Software Engineering or equivalent by experience.

Excellent knowledge of object-oriented programming and design patterns.

Excellent knowledge and experience with Python (numpy, pandas, fastapi, asyncio)

Good knowledge and experience with modern C++.

Basic understanding of Docker.

Passion and pride in writing high-quality software.

An analytical, creative, and strong mathematical and statistical mindset.

Knowledge of techniques to keep computational complexity under control and optimize the use of hardware resources.

Bonus points if you have:

Practical experience with applying time series forecasting algorithms.

Experience with Docker and Kubernetes.

Experience with Azure DevOps and Azure Cloud

Experience with TensorFlow / PyTorch.

**Soft skills**

Communication Teamwork Pragmatic Passionate

**Hard skills**

C++ Python Object-Oriented Design Patterns Docker Kubernetes Azure

**Language skills**

**Required:**

English

**A plus:**

Any other language

**Your future**

At OMP, we're eager to find your best career fit. Our talent management program supports your personal development and empowers you to build a career in line with your ambitions.

Many of our team members who start as Data Science Software Engineers grow into roles in software architecture, software expertise, project management, or people management.

**Our offer**

At OMP, we offer more than just a job. We put people first and inspire you to become the best version of yourself.

**International** : A growing global company, worldwide career opportunities, and multicultural teams

**Benefits** : An attractive salary package including an optional company car, a bike incentive program, additional extralegal vacation days, and other competitive benefits

**Flexibility** : Teleworking, flexible hours, and lots of autonomy

**Lifelong learning** : A custom training and development track, an extensive coaching program, and on-the-job learning

**Empowerment** : Room for initiative and creativity and an emphasis on entrepreneurship

**Innovation** : Encouragement to think differently through cross-team collaboration and innovation challenges

**Well-being** : A caring and inspiring environment, promoting a happy and healthy lifestyle through a wide range of facilities and activities

**Teamwork** : Join a team that lifts you up and learn from the best
