Company: Amaris Consulting

Location: Belgium

Category: computer-and-mathematical

Job description

As a Qualification/Validation Engineer in the pharmaceutical field at Amaris Consulting, you will play a key role in implementing continuous improvement projects. With 1 to 6 years of experience and a permanent contract, this position is based in Belgium.

Mission:

Define and implement qualification/validation strategies for equipment, systems, and processes.

Draft qualification/validation protocols and reports (IQ, OQ, PQ).

Manage activities related to deviations, controlled changes, and CAPA.

Participate in internal/external audits.

Support the project team during design/development phases.

Ensure regulatory compliance throughout the product/process/equipment lifecycle.

Provide technical expertise on all aspects related to pharmaceutical validation/qualification.

This role offers a unique opportunity to positively influence our operations while developing your technical and managerial skills in a dynamic and international environment.

About You :

We are looking for a candidate passionate about the pharmaceutical sector with a solid understanding of GMP/GLP/GCP principles. You are known for your analytical rigor and your ability to communicate effectively within a team.

Skills and Experience:

Degree in engineering or related field with a specialization in the pharmaceutical sector.

Experience in a similar role, ideally within a GMP/GLP/GCP environment.

Strong analytical skills and ability to solve complex problems.

Good knowledge of FDA/EMA regulations and other international health agencies.

Proven ability to work effectively in a team while being able to manage your own work with minimal direct supervision.

Your passion for technical excellence, your commitment to quality, and your desire to make a meaningful contribution set you apart.

Amaris Consulting is committed to promoting diversity within its workforce and creating an inclusive work environment. We welcome applications from all qualified individuals, regardless of gender, sexual orientation, race, ethnic origin, beliefs, age, marital status, disability, or any other characteristic.
