

Receiving Warehouse operator

[Apply Now](#)

Company: Sabena Aerospace

Location: Steenokkerzeel

Category: other-general

Sabena Engineering is a leading independent and international aviation solutions provider for civil and military operators. Our capabilities cover the main aircraft types, including Airbus, Boeing, Lockheed, regional and military aircraft and rotor aircraft. With our unique and innovative solutions to both regular and complex needs, Sabena Engineering is all set to grow as a worldwide proximity partner, bringing its expertise wherever needed.

SABCA offers a full range of services to the civil, space and military aviation markets and recently expanded into the commercial Unmanned Autonomous Systems market as an integrator of aerospace-grade solutions for the industry.

Sabena Engineering & SABCA are part of a unique industrial ecosystem in the Belgian aerospace industry which is owned by Sabena Aerospace (holding company) and by the Société Fédérale de Participations et d'Investissements (SFPI/FPIM).

Are you ready to join us?

Your Main Responsibilities:

Receipt of goods : receive all the incoming items, check their condition, perform first inspection of the parts and check that required paperwork is present, then hand items over to incoming inspection. Report in case of an issue.

Records and feedback: records the incoming items in the company software and provide feedback to internal customers regarding the status of the items.

Process Optimization: Constantly looking for ways to optimize logistics processes, whether by reducing warehousing costs, improving operational efficiency, or optimizing delivery

routes.

Maintain a clean, neat and member-ready area

Transport parts to different outstations in case of urgent need

After a period of on-the-job training, you could incorporate a flexible schedule that may include 6/14 breaks and on-call duty during weekends.

Your Profile :

Technical or administrative background, with qualification or training in the field of logistics

You are part of a team but mainly work autonomously

You are in possession of a forklift driver's license

You are fluent in English and in French and/or Dutch (spoken and written)

You have a strong sense of time organization and urgency

C driver's license is a plus

Our Offer :

Join the Sabena Engineering family, which is passionate about aviation and fully dedicated to its success. Within our organization, everyone contributes to our target to meet our customers' needs, with their own expertise and their responsible behaviour.

Have the great opportunity to contribute with us to bringing aviation expertise wherever needed.

Benefit from a competitive package and develop your skillset to contribute to the company's success.
