

Regulatory Compliance Manager - The Toro Company

[Apply Now](#)

Company: The Toro Company

Location: Belgium

Category: other-general

Who Are We?

Toro Europe, located in Oevel-Westerlo Belgium, acts as the European Distribution Center for all equipment related to green maintenance. We are a subsidiary of The Toro Company which is a homegrown, Minnesota-based company that has been in business since 1914.

We pride ourselves on providing world class equipment to help maintain the environment that we love, while putting an emphasis on giving back to the communities that surround us. From residential lawns and gardens to venues such as St. Andrews Links and Target Field, we are a company with a global footprint and a passion for helping people beautify whatever landscape they may be in.

As the **Regulatory Compliance Manager**, you will provide guidance and advice on European Union product safety, regulatory and liability requirements. Support research and review of global regulatory requirements. Protect Company assets from both current and long-term risk through effective management of global product safety standards, including environmental-related aspects, and legal compliance requirements. Serve as company representative on related industry committees, including European and international safety standards committees.

What Will You Do?

To grow and build a successful career with The Toro Company, you will be responsible for:

Developing The Toro Company product safety and compliance policies and procedures

Representing The Company Committee on European and International technical associations, federations and standards organizations and committees related to outdoor power equipment, construction equipment and batterie

Assisting on European and non-European (global) regulatory topics

Collaborating with internal teams to develop compliance strategies to satisfy global regulatory requirements

What Do You Need?

To be considered for this role, an individual should meet the following minimal requirements: Bachelor's, master's or PH.D. degree in Mechanical, Agricultural, Electrical, Chemical or Environmental Engineering is preferred

Excellent English language communications skills, both written and oral – knowledge of other languages is an asset.

Ability to elicit information diplomatically and to communicate complex information and requirements to a diverse audience internally and externally including various groups, business functions, senior level management, governmental agencies, subject matter experts, audience from varied cultures and backgrounds ...

Technical and practical knowledge to standards committees and their associated function and activities, regulatory systems, and processes

Work independently and make decisions with minimum supervision

Travel frequently (primarily within the EU)

Home-based in EU-location in Belgium, Germany, or UK with easy connectivity to European Committees and Instances.

What Can We Give You?

At the Toro group, we are always working to make sure our employees know just how valued they are. In addition to a competitive salary, Toro Europe offers a variety of benefits:

Flexible Work Arrangements- Home-based or Hybrid in a flexible working environment combined with travel on a regular base.

Group insurances: Hospitalization plan, Guaranteed Income Insurance and Retirement Plan

Competitive Salary – Attractive pay with lunch vouchers and monthly Home-working Expense Allowance if working remotely
