Belgium Jobs Expertini®

Remote Software Engineer – NLS Limited

Apply Now

Company: Jobspaddy

Location: Antwerpen

Category: computer-and-mathematical

The NLS team utilizes its international base in Hong Kong and its extensive connections to connect top talent with top careers. Whether you are a candidate looking to take your career to the next level, or a client searching for the best and brightest professionals, our personalized and hands-on approach guides all our partners on a path to success.

Our Client is the digital arm of a large insurance firm. Currently developing from scratch a Conversational AI application. We are looking for experienced Fullstack Application Engineers to join our initiatives and work on the next generation technologies.

Requirements:

6 years experience in Application Development

Strong Knowledge in Python, ReactJs/VueJs, NodeJs & Typescript

Familiarity in AWS Cloud

Strong understanding of Full SDLC

Experience in Large Language Model (e.g. GPT) implementation is a plus

Experience in AI (e.g. Stable Diffusion) implementation is a plus

Experience in Digital Human/Avatar implementation is a plus

Strong written and verbal communication in English is Must

This is a Hong Kong based opportunity that is also open to remote candidates residing in

similar timezones. A great opportunity if you want exposure to AI technologies working on projects from scratch!

This is a project based engagement with monthly base salary range of HKD 50,000 – 70,000.

6 – 12 months contract is offered with opportunities to extend based on performance.
