SAP Controlling (CO) Senior Consultant

SAP, finance, lot of experience, consultant Belgium share on

The delaware SAP Finance & Business Controlling team has an exciting challenge waiting for our new SAP Controlling (CO) Senior Consultant. The ideal candidate is **a highly skilled and motivated professional** who has the qualifications and work experience (6+ years) needed to take on an **expert role on medium and large transformation projects, strongly relying on SAP CO** .

As an SAP CO professional, with business understanding and experience based on multiple SAP CO assignments, you'll deliver projects **covering the entire scope of management accounting and its integration** with other ERP functionalities and external systems and solutions. This includes analyzing your clients' business requirements, designing the system or solution, building and testing it, all the way to the go-live as well as post go-live support. You will **proactively manage all the risks and resolve any issues** that occur on these projects.

Detail-oriented and highly organized , you are able to **deliver multiple projects** within your domain, from greenfield implementations to S/4HANA migrations. Your clients will rely on you to **deliver all the necessary SAP CO services** , from overhead accounting, product cost controlling, and material ledger to profit center accounting and profitability analysis.

You will also have the opportunity to **participate in pre-sales activities**, such as the preparation and presentation of solution proposals, design documents, and effort estimations based on your clients' business requirements.

Last but by no means least, you are a **natural communicator**. You know how to engage and interact with customers and partners, notably SAP, to gain their trust and respect. You are also adept at coaching your colleagues and eager to actively share your knowledge with them in a structured way.

Who are we?

The delaware SAP Finance & Business Controlling team is an agile team of **finance and controlling specialists** who support the CFO's office by translating business needs into **solutions**. We strive to provide high-quality, integrated, and automated solutions for small- and medium-sized businesses, but also for multinationals. Our ultimate goal is to guide our customers toward best practices in finance, thereby making finance and controlling more efficient and enabling the finance department to become a true business partner for the entire organization.

We're a **pioneer** when it comes to **SAP S/4HANA**. While we still support customers who use SAP ECC, we leverage the most recent S/4HANA versions on all of our new projects, including migrations. So you'll definitely be involved in a wide range of innovative SAP projects!

Collaboration and knowledge-sharing are crucial to our team. We're deeply committed as well as incredibly resourceful in our approach. No matter how complex the issue, together we can solve it.

Next to our broad international network, delaware has its Belgian offices in **Antwerp, Ghent, Kortrijk, Lummen, and Wavre**. We also have a "where you work best" policy, meaning we work where we work best, when we work best. But just so you know, we also spend a lot of time connecting and working together with our customers on-site.
