SAP Service Delivery Manager

SAP, supply chain & operations, some experience, consultant Belgium share on

You are driven by **customer experience** You are in regular contact with the customer

and prioritize **client satisfaction** You like to **take the lead** and provide **proactive**

advice & feedback on the services provided through service management meetings.

Being **hands-on and pragmatic** is your second nature. You **work fast, shift gears quickly**

and are always prepared for unexpected challenges. As a service delivery manager, you have

the **high-level insight** put yourself in the shoes of the customer, understand their

reality and connect with the right development teams to create an architecture tailored to the client's needs.

As an **empathic** manager, you love to build bridges. Not only between team members, but

also between your company and the customer. You can **easily change hats** and use

technical jargon with delaware colleagues, and talk business with your customers. Your main

mission? **Smooth and close collaboration**, communication and clear roles for everyone on

the project. To accomplish this, you assure the **coordination of delivery activities** and the

follow-up on change requests and small tasks. You are the **link between delaware and the**

customer and act as a real partner to both, by proactively informing the client of possible improvements and motivate your colleagues to go the extra mile when needed.

Apply for SAP Service Delivery Manager!

Thank you for your application.

We will get back in touch with you soon! Have a great day!

read our stories

Who are we?

The Belgian delaware SAP **Application Managed Services (AMS)** team is a group of highly trained SAP professionals. Our main mission is to provide Application Managed Services not only in the **RUN (incidents, service requests)** also to **Accelerate (change requests, innovation, automation)** ... We assist customers with the implementation of new functionalities and maintenance of their SAP landscapes. To keep their systems running but also to introduce new features with added value for our customers. We like to make sure that our customers' SAP applications remain the **company's driving force** by offering a team of experts – ready to intervene when called upon!

We provide our local support as a team in a **flexible and open organization** with room for **creativity**. All the SAP Run & Accelerate colleagues cooperate closely in teams dedicated to specific clients, organized per industry. To ensure 24/7 service to our customers, we collaborate with our international delaware colleagues from across the globe.

Just so you know: delaware BeLux has its offices in **Antwerp, Ghent, Kortrijk, Lummen Wavre and Liège** , but we also spend a lot of time working together with our customers **site** . We make sure your projects are as close to home as possible.
