

Second Engineer STCW III/1 - Dredging

[Apply Now](#)

Company: DEME

Location: Belgium

Category: computer-and-mathematical

Our Hopper dredgers (TSHD) and Cutter dredgers (CSD) work around the world on the most challenging dredging projects. As a member of the Engineering department, you maintain the engines to let our vessels run smoothly in order to secure their 24/7 production

You are in charge of an Engineering watch on board of a TSHD, CSD or split barge

You will be responsible for the maintenance and repairs of all technical installations on board

You carry out duties according to STCW regulation

Maintain and repair the technical equipment on board according to instructions of the Chief Engineer

You operate the main and auxiliary machinery and the associated control system

You assist the First and Chief engineer for the efficient and safe running maintenance of the equipment

You maintain a safe engineering watch

You observe the quality, health, safety and environmental system

You completed a maritime education in Engineering

You have a Certificate of Competency Officer in charge of an Engineer watch (III/1) or Second Engineer (III/2)

You have an STCW VI/6 Security Awareness or VI/6 Designated Security (preferable)

A valid Passport, Seamans Book and Seafarers Medical should be obtained

You have a strong awareness of Health, Safety and Environment

You have a hands-on and no nonsense mentality

You speak and write English fluently

An extensive mobility program for a healthy work-life balance

A permanent training track which allows you to develop yourself personally and professionally

A stimulating, innovative workplace with numerous growth opportunities

A people-oriented environment with an interactive health program and a focus on employee wellbeing
