Senior C# Software Engineer Integration

Apply Now

Company: OMP

Location: Belgium

Category: computer-and-mathematical

Your challenge

>

Your team

As our new Software Engineer Integration, you'll be part of a large, fast-growing, international Software Development team located in Belgium (Antwerp, Ghent, Wavre), Spain (Barcelona), Ukraine (Lviv), and the US (Atlanta). You'll work according to the scrum methodology in a tight-knit group of max. 10 team players. Software Development creates leading software solutions that make a difference to our customers. We make smart, robust, and scalable software to solve complex supply chain planning challenges.

Your profile

We are looking for someone who meets the following qualifications:

A bachelor's or master's degree in computer science, ICT, engineering, mathematics or another relevant field.

Knowledge of object-oriented programming.

Pride in the high-quality software that you write and taking responsibility for it.

An analytical mindset.

Bonus points if you have:

Relevant work experience, including internships.

C++ knowledge – if not, you're willing to learn modern C++.

Experience with design patterns, UML, algorithmic thinking, multi-threading, and distributed systems.

Experience with or knowledge of the following concepts: ETL, third party data mapping, web services and communication technology (e.g. REST), IPAAS, and SAP.

Soft skills

Communication Teamwork Pragmatic Passionate Eager to learn

Hard skills

Object-oriented programming Modern C++ Web services Communication technology Design patterns

Language skills

Required:

English

A plus:

Any other language

Your future

At OMP, we're eager to find your best career fit. Our talent management program supports your personal development and empowers you to build a career in line with your ambitions.

Many of our team members who start as Software Engineers Integration grow into roles in software architecture, software expertise, project management, or people management.

Our offer

At OMP, we offer more than just a job. We put people first and inspire you to become the best version of yourself.

International : A growing global company, worldwide career opportunities, and multicultural teams

Benefits : An attractive salary package including an optional company car, a bike incentive program, additional extralegal vacation days, and other competitive benefits

Flexibility : Teleworking, flexible hours, and lots of autonomy

Lifelong learning : A custom training and development track, an extensive coaching program, and on-the-job learning

Empowerment : Room for initiative and creativity and an emphasis on entrepreneurship

Innovation : Encouragement to think differently through cross-team collaboration and innovation challenges

Well-being : A caring and inspiring environment, promoting a happy and healthy lifestyle through a wide range of facilities and activities

Teamwork : Join a team that lifts you up and learn from the best
