

## Senior Clinical Project Manager - Start Up Biotech

Apply Now

Company: Proclinical

Location: Brussels

Category: computer-and-mathematical

Proclinical Staffing are partnered exclusively with a start-up Biotech in Belgium who are looking for a well-seasoned Clinical Project Management professional to join their team at an exciting time of growth as they transition into Phase II/III.

You'll be responsible for end-to-end Project Management within a small team environment such as; vendor selection/ oversight, budgets, contributing to clinical design/ development & being the primary point of contact for the assigned clinical studies. You'll have a lot of autonomy within a small-team environment so you'll be truly making an impact to the company's success from day one of joining.

Requirements:

- 6-8 years Global CTM/ CPM experience within a start up environment
- Fluency in English
- Able work office based 2 days per week in Belgium
- Can work confidently in a fast paced environment

What's on offer? A highly competitive basic salary, car allowance + 10% bonus +more. For more information, please apply.
