

Senior Construction Manager E&I (International Projects)

[Apply Now](#)

Company: EQUANS

Location: Grimbergen

Category: computer-and-mathematical

To realize our ever-challenging objectives, we are looking for an experienced **Construction Manager E&I** (Large and International Projects).

As a Construction Manager you are based in Grimbergen and are assigned to large and complex projects in Belgium and Western Europe. You will be responsible for the construction itself. Your goal is a safe and timely execution, delivering the correct quality and within budget. You have proven knowledge of electromechanics, in particular piping & mechanical works.

Your job?

review the technical specifications, related risks and opportunities in the contract

manage the Construction teams on site as well as the subcontractors

construction works are executed by national and international subcontractors. You are an important stakeholder in the procurement and subcontracting process

accurately plan, organize and control the execution of the works avoiding scope creep and registering extra works with supportive documentation. You work in close collaboration with the client and the Project Manager as well as with the Construction team

propose adequate actions to recover any delay

take responsibility on monitoring extra works and their impact on planning and cost

Do you have what it takes?

master or bachelor in engineering, or equivalent

proven experience in construction activities in the field of electromechanics (expert knowledge of piping & mechanical is essential)

working knowledge of Office

proven leadership skills

you are a client and result oriented decision maker

you are motivated and enthusiastic

you are willing to work abroad (Western Europe) during the construction phase of the project with a fixed rotation schedule

excellent communication skills (written and verbal): working knowledge of English, Dutch and possibly French or German

The department Large & International Projects, part of the division Energy Transition & Integrated Solutions, located in Grimbergen (Brussels) is the reliable partner for the construction and pre-commissioning of large and complex multi-technical installations. We serve top rated companies in Western Europe, active in petrochemical, pharma, power generation, tank storage, with modular construction as well as stick build installation.

Want to tackle tomorrows multi-technical challenges with us?

Then join our experts in the various **innovative** and **exciting projects** of Equans. You get the opportunity to use your **technical skills** as well as to discover **cutting-edge technologies** and help customers in the 3 major transitions of today: the energy transition, the industrial transition and the digital transition.

Joining Equans is more than that! You also get:

a **competitive salary** in line with your education and experience

interesting **training and career opportunities**

group-, hospitalization-, disability **insurance**

eco & **meal vouchers**

lease car (with fuel card)

smartphone with subscription, laptop, internet fee

additional paid leave , seniority leave

We are looking forward to meeting you!

Are you interested in this position and do you have questions? Please contact our **HR colleague Annick Verelst 88 63 34**
