

## Senior Consultant - Treasury & Risk Consulting

Apply Now

Company: PwC

Location: Brussels

Category: computer-and-mathematical

### Description

& Summary **Leading with heart, living by values**

PwC Advisory is a network of multiple possibilities - where you want to make an impact is always up to you. Under the expert stewardship of our Advisory experts, you'll delve into the inner workings of companies to find the best solutions for any challenge they might have. From the excitement of deals to the complexities of consulting and the fascinating realm of risks and threats in forensics, you'll help clients nurture trust and maintain their evolutionary edge, today and into the future. Now that's making a difference.

We are currently looking for **Senior Consultants** to reinforce our **Treasury and Risk Consulting Team** in Belgium, which acts as a **Centre of Excellence in the global PwC network**.

Dependent on the numbers of years of experience, we are looking for qualified individuals that have a solid experience and expertise in 1 or more of the following key areas:

**Treasury Technology Transformation** (Treasury Management Systems, Payment Factory Systems, Bank Connectivity/SWIFT, ...)

**Cash & Liquidity Management**

**Treasury Transaction Support** (M&A, divestitures, ...)

### Your impact

As a **Senior Consultant**, you'll make an impact with the following responsibilities:

Contribute to strategic, operational and process advice as well as treasury support to clients,

dealing with complex treasury related issues

Take ownership of assigned tasks within projects with the continuous objective to improve the way of working as well as the quality delivered

Coach and supervise junior staff on the job

Develop and lead business development initiatives aimed at maintaining and growing PwC's position in the treasury consulting market

### **About you**

You have:

**1 to 5 years of relevant experience** and ideally already possess some experience in the above areas in a Corporate Treasury, in a leading Cash Management Bank or at a System Vendor.

A good understanding of at least one of our core service offerings:

- Treasury Technology Transformation (Treasury Systems, Payments, Bank Connectivity/SWIFT, ...)
- Cash & Liquidity Management
- Treasury Transaction Support (M&A, divestitures, ...)

Passionate about innovation in **Finance & Treasury**(Blockchain, RPA, AI, ...)

Strong interpersonal skills

The ability to work in a team-spirit environment

**Fluency in English** , with preferably good knowledge of Dutch and/or French

Any other European language or an ACT certification (CertICM) is an asset

You are willing to travel and to work on international assignments.

### **Life at PwC Belgium**

Our culture and workplace are something we're proud of. Here's a sneak peek at some of the benefits you can look forward to:

**Flexibility** : flexible working hours with Reimagined so you can decide your most effective working pattern

**Infinite learning and growing** broad opportunities to learn every day and exciting career pathways that help you explore different disciplines or areas of expertise

**Rewards** that matter to you: A flexible rewards plan gives you access to a wide range of benefits so you can make the choices that best fit your personal circumstances and lifestyle.

**Diversity** : We believe that diversity makes PwC stronger. It helps us solve problems and deliver added value to our clients. We encourage an inclusive culture where people can get the best out of themselves.

A **sustainable mobility offer** : we offer a wide range of sustainable mobility options.

**Wellbeing** : An extensive health programme that includes access to an online wellbeing platform, sports communities and mental resilience workshops

**International PwC network**: broad access to industry expertise, both locally and through our wider global network of member firms
