

Senior Project Manager M/F – Brussels (Belgium)

[Apply Now](#)

Company: HITACHI RAIL STS FRANCE

Location: Belgium

Category: other-general

Description

Hitachi Rail is looking for a passionate Senior Project Manager based in Brussels, who is driven to exceed expectations in an international environment. Do you want to be a part of prestigious projects whose outcome will affect a lot of people every day? Then the role Senior Project Manager at the Hitachi Rail Belgium Branch might be something for you!

About us

Hitachi Rails a fully integrated, global provider of rail solutions across rolling stock, signalling, service & maintenance, digital technology and turnkey. With a presence in 38 countries across three continents and over 14,000 employees, our mission is to contribute to society through the continuous development of superior rail transport solutions.

The **Hitachi Rail Belgium Branch**Office is based in Brussels. Our 20 employees are fully dedicated to our main project: the modernization of Brussels metro. A diverse, inclusive and responsible culture is the root of our company where we consider hiring the right people and treating them well, as key factors of our sustainable success. We are looking for enthusiastic and motivated people with pioneering spirits, driven by customer satisfaction and company global growth. As member of the global Hitachi Rail group, you may be offered to take part in global projects and to team-up with colleagues from around the world.

A career at Hitachi Rail will help create a legacy. With operations in every corner of the world, our work goes to the cutting-edge of digital transformation and technology. From the multi-cultural strength of our global organization to the sustainable and innovative ways we work to bring people together, there's something for everyone to get stuck into. And that's where you come in.

About The Role

Accountabilities:

Responsible for project management, including but not limited to planning, progress monitoring, on-time delivery and budget tracking

Accompany businesses from the definition of their needs, the choice of solutions to be implemented, the optimization of their processes through to the deployment of solutions

Coordinate and manage relations with external service providers and internal customers

Participate in the development and maintenance of implemented solutions

Support and provide technical expertise to the team

Report on actions taken and results obtained

Ensure that work is carried out in compliance with current safety codes

About The Profile

Required Skills/Knowledge:

Proficiency in Microsoft Office and general computer software

Ability to manage effectively budget and schedule

Ability to negotiate commercially with different stakeholders

Good knowledge of contract and subcontract documents, terms and conditions

Strong leadership and management skills

Curiosity and perseverance, interpersonal and organizational skills

Good knowledge of a metro system and management of interface

Strong stakeholders' management skills

Education: Bachelor's Degree

Experience: 8-10 years

Languages: Good level of English/French, both technical and fluent, which allows you to evolve easily in our international and multicultural environment. Dutch or German is an advantage.

We thank all applicants for their interest; however, only those under consideration will be contacted. Join us at
