The Belgian delaware SAP **Application Managed Services (AMS)** team is a group of highly trained SAP professionals. Our main mission is to provide Application Managed Services not only in the **RUN (incidents, service requests)** also to **Accelerate (change requests, innovation, automation)** ... We assist customers with the implementation of new functionalities and maintenance of their SAP landscapes. To keep their systems running but also to introduce new features with added value for our customers. We like to make sure that our customers' SAP applications remain the **company's driving force** by offering a team of experts – ready to intervene when called upon!

We provide our local support as a team in a **flexible and open organization** with room for **creativity**. All the SAP Run & Accelerate colleagues cooperate closely in teams dedicated to specific clients, organized per industry. To ensure 24/7 service to our customers, we collaborate with our international delaware colleagues from across the globe.

What will you be doing as an SAP Service Consultant

You'll step in when the first-line support and second-line support cannot find the answer.

Our customers will need your in-depth knowledge of SAP to help implement new functionalities – or to keep their existing SAP landscapes in excellent shape.

Depending on your preferences, you work onsite at a dedicated customer; or from the delaware offices (Ghent, Kortrijk, Wavre, Antwerp or Lummen) in a GLocal model; or in a mixed model.

You will be able to **deepen your knowledge even further** ~~you will be~~ **trained and coached** on the job. And you on your turn will train and coach younger team members as well.

As a consultant, **you don't just execute, you bring added value** ~~that's why we are~~ convinced that your expertise will help us to come up with even more innovative solutions for our customers.

Thanks to your expertise, you know that sometimes it takes time, patience and understanding to **solve complex problems** ~~And that's why our customers will look on~~ **you as a trusted advisor.** You offer them stability and pragmatic, no-nonsense solutions.
