

Senior Software Engineer .NET.

[Apply Now](#)

Company: Agfa

Location: Mortsel

Category: computer-and-mathematical

Are you an expert in Software Development, ready to apply your skills in the exciting world of X-ray in radiology? To strengthen our diverse R&D team, we are looking for a motivated Software Development Expert.

Tasks:

Take ownership and responsibility from the start of the design, all the way to the successful implementation in real life radiology environments.

Contribute to the design of complex solutions that impact lives.

Support and develop front end, backend, cloud, artificial intelligence applications.

Develop software for our X-ray workstation in a creative and effective manner.

Create value by supporting the image processing team with tooling and innovative solutions.

Profile:

Master's degree in computer science or equivalent through experience.

Team player with good collaboration and interpersonal skills to articulate ideas, explain technical concepts and collaborate effectively with different stakeholders in the R&D organization.

In-depth knowledge of C# .NET and .NET core is mandatory.

Using tools like Visual Studio, Bitbucket, Jira, Jenkins and Git feels like speaking your

mother language.

Knowledge of C++ and Python is a strong asset.

You are not scared of multi-threading. Even more, you get energy from inter process communications.

Committed to delivering high standard medical software. In medical devices, quality is paramount.

You are familiar with software testing strategies and software testing automation tools.

CI/CD experience is an asset

Pragmatic, accountable, and open-minded problem solver.

Fluent in English.

What we offer now and in the future:

A dynamic global organization with a large history of innovation and a strong product portfolio.

A challenging environment combined with a supportive management structure.

Career development (e.g., architect) and personal growth.

A competitive salary and benefit package including a company care, insurance, lots of holidays, opportunity for bike lease, ...

A friendly work environment surrounded by dedicated and professional colleagues.

Opportunities to launch and develop your ideas.

Reaction?

Curious about this opportunity? We also know that a job contains more than a few bullets! We love to tell you more about our company, the content of the function, responsibilities, and possibilities. Just apply!

About our company

Each week more than 3 million radiographic exams are carried out with Agfa equipment around the world. We make every one of those images count. We do this by using the

power of intelligent technology to make sure you get the accurate and high-quality diagnostic information you need, from the first X-ray taken. **One image is all it takes.**
