We offer

These days, tax management is an important part of a company's development strategy, and is the key to maintain a competitive edge. So the challenge faced by the Taxation team is to develop and implement commercial strategies that meet our clients' business objectives and have a positive impact on their tax positions.

The Corporate Tax department provides advice and assistance on corporate taxation in various areas of specialization: banking, insurance, leasing, real estate, transfer pricing, mergers and acquisitions, due diligence and restructuring of companies.

We are looking to hire an ambitious Senior Tax Adviser to contribute to the expansion of the activities of the Tax Management and Compliance Services (TMCS) Team, one of the fastest growth areas within the Corporate Tax department.

You will assist and advise clients (including other KPMG practices) in connection with national and international tax issues.

You will assume responsibilities in client and non-client matters.

You will maintain relations with clients, officials of the Belgian Authorities and with the business community in general.
