Software Architect

Apply Now

Company: Nalys

Location: Belgium

Category: computer-and-mathematical

Nalys is a consulting group dedicated to high technology projects. Thanks to our strong corporate values and **adhocracy** management, we are one of the fastest growing actors in engineering consultancy. We gather great minds & challenge boundaries to help our customers develop stunning products. And we love doing it.

Discover how we can give a sense to your passion on

About the job

As a software architect:

You will join a fully Agile environment

You help shaping and defining architecture and digital strategies

You translate functional, technical and business requirements into architectural designs

You act as a true integrator by designing and implementing innovative solutions to help the business and the technology to meet our client's expectations

You develop system requirements, prototyping and support system implementations

You provide leadership, coaching and share your knowledge with your junior colleague(s)

About you

You have a Master's degree in Computer Science, Software Engineering or similar

You have at least 5 years of experience in software development and at least 2 years in an architect role

You have a first successful experience in managing large technology engagements across the full implementation life cycle

You have strong communication skills and are not afraid of new challenges

About us

Nalys is a people company. We will give you the opportunity to challenge yourself while doing something you love. So, whether you are a creative, a dreamer or an achiever, you can find a way to do something you truly enjoy. And because we want our company values to be more than words, we invest 7% of our annual revenue to drive innovation, develop your expertise, train your brains and give you time & tools to think big.
