

Software Engineer Python F/M/X

[Apply Now](#)

Company: Amaris Consulting

Location: Belgium

Category: computer-and-mathematical

Job description

We are seeking a Software Engineer with 1 to 3 years of experience for our esteemed client, Amaris Consulting. This is an opportunity to work on an Undetermined Duration Contract in Belgium.

Your Responsibilities:

Designing, coding, testing, and debugging software applications using SQL and Python.

Maintaining existing software systems by identifying and correcting software defects.

Investigating new technologies that could enhance current systems or lead to innovative solutions.

Collaborating with cross-functional teams throughout the design process.

Evaluating user feedback to improve software performance observations.

Taking part in code reviews to ensure high-quality results.

Creating technical specifications based on business requirements provided by stakeholders.

This position offers the chance to develop your skills while working within a dynamic team environment at one of Europe's leading consulting firms.

Your Profile:

The ideal candidate will be someone who has strong problem-solving abilities along with excellent communication skills. We're looking for individuals who can demonstrate their knowledge of SQL and Python through past projects or experiences.

You have between 1-3 years' experience as a Software Engineer or similar role where you've used SQL and Python extensively.

You possess strong analytical thinking capabilities coupled with attention-to-detail.

Your ability to communicate complex concepts clearly is second nature.

You thrive when working collaboratively but also excel when given independent tasks.

A proven track record of delivering high quality code under tight deadlines is something you take pride in.

Your understanding of modern development methodologies (Agile/Scrum) is a plus.

You are always eager to learn and adapt in an ever-evolving technological landscape.

Advantages:

An international learning environment

Extensive training and certifications.

A R&D laboratory where you can develop your skills on innovative projects.

The opportunity to bring new ideas to develop a thriving business.

Individual coaching and mentoring, as well as the chance to learn from experts for your professional and personal growth.

An attractive, tailor-made, and evolving career path.

We are an independent company that values:

Agility: thrive in a flexible, dynamic, and stimulating environment.

International scope: enjoy daily international exchanges and numerous mobility opportunities in over 60 countries.

Intrapreneurship: engage in related topics or develop your own Business Unit.

Attentive management: with a limited number of consultants, your manager will adapt to your profile and support you throughout your professional journey.

Amaris Consulting is proud to be an equal-opportunity workplace. We are committed to promoting diversity within the workforce and creating an inclusive working environment. For this purpose, we welcome applications from all qualified candidates regardless of gender, sexual orientation, race, ethnicity, beliefs, age, marital status, disability, or other characteristics.
