Company: ISB

Location: Brussels

Category: other-general

The International School of Brussels is one of Europe's longest established, largest, finest international schools. It is a dynamic school with high expectations.

More fundamentally, it is a school shaped by a focus on learning, and on improving learning for all students. It is a school driven by a Mission and Enduring Goals which commit us to developing independent learners and international citizens in a school in which everyone is included, challenged and successful. Our School maintains a list of vetted substitute teachers who can be called at any time to replace an absent teacher. Most absences are planned.

ISB is currently looking for substitute teachers specialized in all areas (Early Childhood Center to High School). Substitute contracts vary in length from just one day to as long as one year.

Candidates must be already established locally, and either be EU citizens, or have the necessary permit to work in Belgium and/or ID Belgium card. Candidates will be registered through the Randstad temp agency before they commence teaching. If you are interested in this kind of role and would like to be placed on our call-up list, please make yourself known to us, along with the area(s) in which you are qualified to teach.
