SuccessFactors Recruiting & Onboarding Consultant

SAP, HR Technology, some experience, consultant Belgium share on

As a SuccessFactors Consultant at delaware you help companies to provide optimal support to their key asset: their employees. But that's often more complex than it seems. The HR department juggles a thousand and one tasks every day, which can make it difficult to find time to innovate and change. That's why we regard it as our mission to **support HR departments in transforming their HR processes and in offering their employees the tools to succeed and grow.** The implementation of state-of-the-art applications can dramatically reduce the workload and help the entire organization and the people that work there to flourish.

That's why our projects generally focus on the big picture. We always go for the 'full monty': **a complete upgrade of all HR processes, with cloud-based tools that offer companies valuable insights into how their people are doing.**

And we always deliver. It's what makes us stand out from the pack. Are you keen to work with us to make our customers even more successful?

Apply for SuccessFactors Recruiting & Onboarding Consultant!

Thank you for your application.

We will get back in touch with you soon! Have a great day!

read our stories

What will you be doing as an SAP SuccessFactors Recruiting & Onboarding consultant?

You gain an in-depth understanding of your clients and their specific hire and onboarding needs before translating your insights into a **tailor-made ATS & Onboarding solution** within SAP SuccessFactors.

You take a **leading role** in your projects, which also puts you in an excellent position to supervise and coach less-experienced colleagues.

You **advise** customers on their recruit-to-hire strategy based upon your experience and market knowledge, enabling them to tackle their recruiting and on/offboarding challenges in an efficient way.

Our projects and customers cover a wide range of industries. In other words, there will be plenty of **variety**, including in terms of your working environment. The only way to truly get to know your customers is to spend a lot of time with them, which is why most SuccessFactors colleagues work at the customer 2 to 4 days a week.

Today, we have offices in Gent, Antwerpen, Wavre, Kortrijk, Liège and Lummen, but you will often be working onsite at our customers, wherever they are in Belgium. So it does not really matter whether you are living in Limburg, Brussels, Gent, Bruges, Antwerp... It is highly likely we are implementing a SAP SuccessFactors solution in your area right now.
