

## SUPPLY CHAIN TRANSFORMATION MANAGER

[Apply Now](#)

Company: AGC Glass Europe

Location: Belgium

Category: other-general

### **What if your next job was about...**

... joining the Supply Chain of Automotive Replacement Glass (ARG Europe), a leading supplier to the automotive aftermarket with the opportunity to transform the current traditional Supply Chain to an interconnected Supply Chain Ecosystem.

Leverage your skills and knowledge by

**Managing Key Cross-Functional Projects:** Take ownership of key cross-functional projects, ensuring timely delivery, allocation of resources, and coordination of the cross-functional project team. Oversee project execution, monitoring progress, and addressing any issues or obstacles that may arise. Foster effective communication and collaboration among departments and teams, encouraging the sharing of information, insights, and expertise.

**Identifying and Implementing Improvement Initiatives:** Identify and implement initiatives that contribute to the improvement of the transformation roadmap. Proactively seek opportunities to optimize processes, enhance efficiency, and drive continuous improvement within the supply chain transformation.

**Documentation, Training, and Compliance:** Ensure that all project documentation is accurately maintained and up to date. Facilitate proper training and knowledge transfer to relevant stakeholders, ensuring that they understand and adhere to the new processes and procedures.

**Collaboration with AGC ERP (SAP) Experts:** Collaborate with AGC ERP (SAP) experts to identify

and implement appropriate IT solutions that support the transformation objectives. Leverage technology to streamline processes, improve data visibility, and enhance overall supply chain performance.

**Reporting and Communication:** Provide regular updates and reports to the transformation steering committee, highlighting progress, challenges, and action plans. Conduct meetings and facilitate discussions to ensure effective communication and alignment among stakeholders.

**Skills and Expertise Gap Analysis:** Proactively identify any skills or expertise gaps within the organization that may hinder the successful implementation of the transformation. Collaborate with relevant stakeholders to address these gaps and develop strategies for acquiring or developing the necessary skills.

**Adherence to Company Policies and Values:** Ensure that all transformation activities align with company policies, values, and regulations. Uphold ethical standards and promote a culture of integrity throughout the transformation process.

### **Are you the perfect match ?**

AGC is looking for a collaborator, with the following background:

- Strong project management skills, including proficiency in project management methodologies.
- Demonstrated ability to effectively manage budgets, schedules, resources, and risks.
- Proven track record in successfully leading business transformation projects.
- Ability to manage multiple time-sensitive tasks pragmatically while maintaining focus on the big picture.
- Thrives in a multicultural, team-oriented environment.
- Fluent in English and proficient in at least one of the following languages: Czech, Polish, or French.
- Nice to have: SAP expertise.
- Nice to have: Familiarity with Lean principles.

### **What do we offer**

AGC offers :

competitive compensation packages that recognize and reward employees for their contributions

collaborative and inclusive work culture where diversity is celebrated and ideas are valued

commitment to sustainability and responsible business practices

opportunities to enhance your skills, knowledge, and expertise to help you grow professionally and advance in your career.

### **Curious to know more**

#### **about your future site ?**

Louvain-la-Neuve, Koszalin or Chudeřice

The role can be based in Belgium (Louvain-La-Neuve), Czech Republic (Chudeřice) or Poland (Koszalin) and requires frequent business travels (30-50% of time) mainly to those 3 locations.
