

Surveyor

[Apply Now](#)

Company: DEME

Location: Belgium

Category: life-physical-and-social-science

Involved in all dredging and offshore projects worldwide, the survey department is responsible for the organisation of all hydrographic and topographic measurements in all phases of the works. Due to an increase in upcoming projects, we are looking for new, enthusiastic colleagues to join the team.

Installation and calibration of measurement devices.

Actual measuring of dredging volumes.

Processing of measurement results.

Mapping the results using specific software

Reporting the progress of the works to the project management team.

You are a qualified engineer, hydrographer, geographer or topographer, by preference with a specialization in survey.

Alternatively, you hold a bachelor in construction, with specialization in topography.

You have a practical knowledge of modern measurement techniques and are familiar with Autocad.

You are prepared to work on our projects worldwide for extended periods of time (rotational schedule; 2:1 for dredging activities or 1:1 for offshore activities)

A stimulating, innovative workplace with numerous growth opportunities.

A people-oriented environment with an interactive health program and a focus on employee wellbeing.

An extensive mobility program for a healthy work-life balance.

A permanent training track which allows you to develop yourself personally and professionally.
