IRC24550 – SYSTEM ENGINEER

At **Eni**, we are looking for a **System Engineer** within **SUPPORT FUNCTIONS - Banque Eni** in **Belgium, Brussels**. You will be responsible for ensuring efficient assistance in compliance with SLAs to internal users and customers as well as the support of colleagues in the department in their own areas of expertise, by developing skills in the areas of colleagues to replace them if necessary.

As a member of the ICT Department at SUPPORT FUNCTIONS - Banque Eni, you will be responsible for :

- Guaranteeing the availability of IT systems and services based on Microsoft products in a VMware environment through the following activities: installation, management, maintenance and updating of servers and clients, on the production site and the fallback.
- Participating in the qualitative analysis of new products and services offered by the market.
- Proposing new technologies that can improve management or reduce costs.
- Following the daily operation in the Windows and VMware domain.

This is the opportunity for you if you have these skills and requirements :

- bachelor's degree in computer science and previous experience in an equivalent position.
- His/her passion for computers allowed him/her to acquire a good general computer culture and he/she masters the following technologies:
 - oVirtualisation VMWare, VSphere, VCenter, SRM, VDI
 - oWindows Servers, Active Directory, DC, IIS, SCCM, MCSC, WSUS.
 - oTools: McAfee ePO, PowerShell, VBScript, batch....
- Any knowledge in the following fields will be welcome:
 - oNetwork technologies ;
 - oLinux/Unix ;
- Involvement, team spirit, responsiveness, organization, and rigor are key factors of its success, combined with ease of human contact.
- Knowledge of French and English is necessary.

Location:

Belgium, Brussels.

Contract type:

Permanent
