## Technical Consultant D CE

Microsoft, CRM, lot of experience, developer Belgium share on

You have plenty of experience writing code for **CRM solutions** and can prove your coding skills for **Microsoft Dynamics Customer Engagements** solution.

You have the **commercial insight** to put yourself in the shoes of the customer, understand their reality and translate the functional blueprint into a technical architecture or solution. As a **mature, technically skilled developer**, you stay **involved and engaged** throughout the project implementation cycle, even after the go-live.

You are **ambitious, flexible** and eager to take on a varied range of projects, with topics as Sales, Customer Service, Marketing, Portals, ERP integrations and Business Intelligence to name but a few. You are **keen on growing and diversifying your architectural skills** by designing integrations with other solutions.

You like to prove yourself as a great **team player** by supporting your Sales colleagues during the presales process, contributing to the rapid growth of our team. You are **committed to expand your knowledge** by staying up-to-date on the latest technologies in your field.

**Apply for Technical Consultant D CE!**

**Thank you for your application.**

**We will get back in touch with you soon! Have a great day!**

### **Who are we?**

We are the Dynamics Customer Engagement team. With us, you're certain to be involved in a wide range of **innovative Microsoft Dynamics projects** , as we guide our customers through their transformation to a Customer Engagement platform. For us, when we say that we cover Microsoft Dynamics CE projects **from start to finish** , we really mean it. Our mission is to keep digging until we find the **solution** that perfectly meets the needs of our customer.

When you join the Dynamics Customer Engagement team of delaware, you don't just join a team, you join a **family** . We are a tight-knit bunch of more than 40 unique and supportive friends, who go the extra mile for each other, both professionally and personally. Within our team you have the **potential** to grow towards **solution architect or project manager** for large, internal and cross-software implementations.

Just so you know: delaware has its offices in **Antwerp, Ghent, Kortrijk, Lummen, Wavre** , and **Liège** , but we also spend a lot of time working on-site with our customers, wherever they are based.
