

Test Consultant (BE)

[Apply Now](#)

Company: Itineris

Location: Belgium

Category: computer-and-mathematical

Ghent, Sint-Denijs-Westrem

There's a saying at Itineris: Together goes a long way. And we live by that. Whether your job is translating our customers' needs into the best software, selling, coding, or keeping our business running smoothly, we're united by the same mission: growing our company and delivering innovative software that empowers energy and water utilities to engage better with their customers.

Function

The Test Consultant will join a **Scrum Team** that consists of various technical & functional experts (a.o. architects, analysts, developers). Our Test Consultants execute testing activities on one or more dedicated UMAX projects. These testing activities take place **during the project implementation phase** (avg. 12-18 months) and involve integration, system, acceptance, and regression testing. The TC is responsible for the qualitative testing services of our UMAX products & solutions before their 'go live'. He/she ensures the successful finishing of a project by **executing the integration & system tests** guaranteeing that these tests were conducted according to internal standards and methodologies.

UMAX is the brand name of our software solution for water and energy utilities. It automates their business processes and enables them to better engage with their customers. UMAX is a cloud-based solution, built on the powerful Microsoft Dynamics 365 platform.

As our Medior/Senior Test Consultant, you...

Analyze functional & business requirements.

Develop test cases , and convert test cases into **test scenarios** and **execute** these scenarios.

Report status of test progress and **log defects** accurately.

Communicate with your colleagues of the (test) team and the Project Manager.

Maintain a professional relationship with functional & technical teams.

Contribute to & share business and test knowledge within the team and **assist** less experienced colleagues when necessary.

Are a **key player** in the success of Itineris' UMAX application, the 'lifeblood' of our customers.

What you bring

Dynamic team player looking for a challenge in **an evolving, international environment**

At least 3 years' experience with **system and (system) integration testing**, either in an **external consultative (project) setting** or in **internal R&D development** testing setting; experience with testing an ERP system is a plus.

A **critical mindset** and **strong analytical skills**

Detail oriented and **accurate**; is structured.

Can understand **customers' business processes** and **translate these into test scenarios** .

Excellent oral & verbal communications skills in **English** .

What we offer

A fast-growing and international environment with offices in beautiful Ghent (Belgium), bustling Atlanta (USA) and lively London (UK).

Working with future-ready water and energy companies and building valuable utility

expertise.

Internal mobility, developing your career through various educational programs and growth paths.

An entrepreneurial mindset where you have a direct impact on our growth journey.

An open environment where we understand the importance of taking a break to recharge and achieve the best results. We make it a priority to celebrate milestones, both big and small.

Onboarding, learning and buddy programs to get ready for a smooth start in your new job.

A flexible and inclusive working environment – where people can just be who they are, and where we offer flexible options for hybrid working so you can work in a way that suits you best.

Competitive perks & benefits, because we want to help you reach your full potential, both at work and in your personal life.

A lot of fun moments with an eye for sports, celebration and wellbeing, important for maintaining a healthy work-life balance.
