

## Test Technician F/M/X

[Apply Now](#)

Company: Amaris Consulting

Location: Belgium

Category: computer-and-mathematical

### Job description

We are actively looking for a highly skilled and motivated Test Technician to become an integral part of our team. Your expertise will ensure the flawless operation of industrial electrical cabinets and substation systems. Take advantage of training opportunities and contribute to our continuous improvement initiatives.

### Requirements:

Inspect and verify the proper functioning of industrial electrical cabinets

Perform functional tests on control/command and protection systems for electrical substations

Conduct functional tests according to the manufacturing report, schematic diagrams, and client information

Diagnose problems and provide solutions

Participate in training and refresher courses specific to the position

Contribute to the improvement of procedures and tools for the development of low voltage studies

Participate in the development of new tools and methods to improve quality and

increase company margins and competitiveness

### **Ideal Profile:**

You have a Bachelor's degree in Electromechanics - Electricity - Automation or equivalent experience.

You possess excellent knowledge of industrial electricity.

A successful and significant first experience as a test technician is a serious asset.

Knowledge of English and/or Dutch is also advantageous.

You have your BA5 certification.

You have good knowledge of electrotechnics and/or control/command systems.

You have good knowledge of HV electrical substation principles.

### **6 advantages of joining Amaris Consulting:**

An **international** learning environment where you can **develop** your knowledge on different subjects and areas.

In-depth **training** so that you can gain more **technical** skills.

**Certifications** that will allow you to gain a competitive edge.

An R&D Lab that will give you the opportunity to develop your skills that you can then use on **innovative projects**

Opportunity to pitch your ideas to help us grow a **successful** business

Regular **coaching and mentoring** provided by our Senior Technical Consultants who will allow you to become, in turn, an expert in your profession.

A **attractive, tailor-made and evolving** career path

### **What about my salary?**

It all depends on your profile and your skills, but we offer a fixed salary in line with the

market and scalable throughout your career with us.

**Most importantly, you'll be part of an independent company that values:**

**Agility**we are flexible, dynamic and offer a stimulating environment.

**International**daily international exchanges and mobility opportunities around the world.

**Intrapreneurship**if you want to invest in related topics or develop a Business Unit, Amaris is for you!

**Supportive Leadership**:with a limited number of consultants, your manager will adapt to your profile and accompany you throughout your professional journey!
