

Threat Hunter

[Apply Now](#)

Company: NVISO

Location: Brussels

Category: other-general

Who are we?

It all starts with the mission: NVISO is here to protect European society from potentially devastating cyber attacks! This means we offer cyber security services to private and governmental organizations to help them better prepare for, prevent, detect and respond to cyber security incidents.

All of this is built on four fundamental values that define who we are: We are Proud, We Break Barriers, We Care and No BS!

Tasks

You have a strong interest in cyber security and believe the following to be applicable to you? As a **Threat Hunter located in Belgium** you will assist our smaller and larger customers by performing Threat Hunts and improve their detection capabilities. Typical tasks include (but are certainly not limited to):

- Conducting Threat Hunts based on a roadmap;

- Validating existing rules and use cases as to make sure they have the expected coverage;

- Suggesting security improvements based on outcomes of Threat Hunts;

- Identifying blind spots in log collections;

- Collaborating with other teams to provide input/support for security improvements.

We work both for very large and very small organizations that all have one thing in common: a keen interest in making significant progress in their protection against current and emerging cyber threats. If you don't feel confident in some of the above tasks, we also help you reach that level of independence.

Requirements

2+ years' experience as a Threat Hunter or SOC Analyst;

Knowledge of the MITRE framework;

Knowledge of one or more of the following security technologies from vendors such as Microsoft, Splunk, Elastic, CrowdStrike;

Excellent English communications skills, both verbal and written; Dutch and / or French is a plus;

Good technical understanding of IT infrastructure and networks;

Results-oriented and able to deliver within preset deadlines. You value quality and client satisfaction above all, and appreciate the value of making customer lives easier;

You are eligible for a NATO clearance. ([see HERE](#) for more information).

Benefits

At NVISO, we care. We are committed to offering you a highly competitive remuneration package including financial and non-financial components:

A training budget of 10.000€ and 10 days every 2 years

Working and learning from the best people in the European cyber security industry.

We have multiple SANS Instructors working at NVISO, our staff has presented at popular hacking conferences (BlackHat, BruCON, OWASP, etc) and all of our technical staff can acquire deep technical security certifications (GSE, GXPN, GREM, GCFA, OSCP, etc)

An entrepreneurial and agile company, where you will be stimulated and supported in driving new initiatives (either through internal innovation or by improving our service offering), without losing sight of having fun!

Regular team-building and fun events with legendary off-site events once a year. The location of the next team building is one of the most closely guarded secrets at NVISO... We can however disclose that we've visited Lisbon, Dubai and Malta over the past few years

Our commitment to coach and counsel you and help you grow; each employee receives a personal coach within the team, whose role is to ensure your well-being and helps you grow in your career!

Flexible working hours and home office possibilities

Flex Reward Plan

32 holidays

IF YOU'RE INTERESTED, PLEASE SEND US YOUR APPLICATION!

WE'RE LOOKING FORWARD TO MEETING YOU!

We are a young team of cyber security professionals who decided to do things differently. With innovation rooted in our foundations, we offer services that are up against the modern adversary and that help you Prevent, Detect & Respond to cyber attacks. Curious for more? Say hello and meet the team!
