Launch Your Brewing Career with AB InBev: Brewing Innovation Trainee What is it? Our Brewing Innovation Trainee will start together with all other Supply Management Trainees & Global Management Trainees; though, has a specific passion for brewing. Hence, if you are interested in a career in brewing, process engineering, product/process innovation & technology development, etc., this is a perfect start. During this 14-months brewing traineeship, you will discover the brewing world and gain hands-on experience in all brewing-related processes for different kinds of new products & technologies developed in Z/GITEC (Zone/Global Innovation & Technology Center). You will also take the lead in special assignments and side-projects in the Pilot Brewery on various aspects in quality, safety, efficiency, communication, etc. After successfully completing the program, most of the trainees typically take up their first role in one of our Breweries In the first 2 months, you and the other Supply ...
