

TSOT Lead On-site Technician

[Apply Now](#)

Company: Fujitsu

Location: Belgium

Category: computer-and-mathematical

Are you an experienced and flexible Field Engineer looking for a new challenge? Are you knowledgeable on Datacenter (Server and Storage) solutions? Do you work problem-solving and independently? **Then we are looking for you!**

As a Field Engineer Datacenter at Fujitsu, you will be responsible for keeping several of our customers' data centers running. You solve (complex) hardware failures, you carry out repairs to the various datacenter solutions (mostly Server and Storage) and work on a project basis, on installation, configuration, and test activities.

You will also investigate the problems that underlie the malfunctions, so that they can be prevented in the future.

You are part of our team, and together with 19 colleagues, including 16 other engineers, you keep business-critical environments up and running! In this role, you take care of the customer, you are flexible, pro-active and you often work independently. In addition, the working hours are not always standard and standby shifts are part of the job.

Shape your world and achieve together!

We want the best people on our team, so we welcome and encourage applications from people with diverse experiences, backgrounds, and identities. We are committed to equal opportunities for all. If you want to work with people with different ideas, in an inclusive company, that welcomes and supports you, come work here and co-create the future at Fujitsu.

What's in it for you?

When you join our team, we offer you a competitive salary and benefits. You will have

the opportunity to work in a flexible environment, with plenty of room for personal growth.

Your profile

You are in possession of a bachelor's degree, or have an equivalent level of thinking and working. Preferably, you have knowledge of data center server and storage solutions. You have a passion for IT and data center solutions, knowledge of server and storage is a plus. You are flexible, and don't mind working outside of standard hours. Also, standby services are no problem for you. You are proactive, independent, communicative and have good analytical skills.

You have a 'can do' attitude and in addition, you have a good sense of humor, you are straightforward, and you are honest.

Do you speak Dutch, English and French? Then we are looking for you!

Join Fujitsu and become a part of our dynamic team where your expertise will play a vital role in shaping our compensation and benefits landscape.

Don't miss the opportunity to work with us – apply today!
