Worldline

The Opportunity

Ready to make a lasting impact on Worldline's daily onboarding process? Within Digital Boarding team, we are looking for passionate and motivated students to help as shape the future of onboarding journey in payments. You will have a chance to take full ownership of the project. You will start with in-depth user / trend / market research (depending on the topic). Then, using Design Thinking methodology (e.g. futuring / back casting, speculative design techniques to name a few) imagine new digital experiences. To bring your ideas to life, you will be tasked with designing a walkable user journey on Figma. Our goal is to go beyond industry standards and design bold, creative, and innovative new experiences. Don't miss your chance to be a part of something groundbreaking – join our Digital Boarding team today!

Day-to-Day Responsibilities

Plan and conduct user / trend / market research

Identify and document user / trend / market needs

Employ Design Thinking process and techniques to suggest new digital experiences

Design and prototype (on Figma) user experiences based on research findings

Critically reflect and challenge existing norms and standards

Who Are We Looking For

We look for big thinkers. People who can drive positive change, step up and show what's next – people with passion, can-do attitude and a hunger to learn and grow. In practice this means: Knowledge and passion for user experience, technology and design

Commitment to continuous learning and improvement - curious, flexible, scientific

Drive to finish work and celebrate success

Confidence in user research practices

Engagement with the latest design research and innovation

Knowledge of:

Design Thinking framework and techniques

UX research methods

Customer experience and interaction design

Adobe products (Illustrator, Photoshop, After effects) and experience with Figma
