Are you dynamic, driven and ambitious & graduating in summer 2024? Does the sound of working in a hub of innovation appeal to you? Are you keen to grow your skills in Cyber Security? Do you see yourself working in a large international company? If you answered “yes” (who can blame you?) four times, then you should keep on reading.

Your job

As a Young Graduate within Accenture, your responsibilities are extremely diverse. You have a positive attitude and enjoy working in a team, using your creative and analytical skills to empower our clients by applying new methodologies, processes and technologies. Accenture’s cybersecurity practice is active in the following domains: Cyber defense, SAP Security, Identity & Access Management, Cloud Security and Security Strategy & Risk. The ultimate goal is to empower our clients to grow, while also growing yourself. You’ll have the opportunity to work in the following areas, with our local and global security teams supporting you:

Analyze the current state of the cyber security platforms at the client;

Research technology trends, products, and offerings, and deliver comparative analysis on the benefits of the technology solutions considered;

Assist in determining the best fit for purpose product for the client’s needs;

Design and deploy cyber security platforms;

Integrate new cyber security platforms in the client’s organization

Your team

Accenture Technology leverages design thinking, industry insights and the latest digital and Security methodologies to help clients innovate, grow and improve their businesses. Our expertise, capabilities and experience mean that our clients (including some of the biggest brands in the world) trust us to find the right solutions for their needs.

Together with our talented international colleagues, we focus on connecting the needs of businesses with the new possibilities that come with technological progress. Because that's where the real challenges are: inventing and testing things that have never been tried before, getting new applications ready for roll-out, and ultimately guiding clients to select and implement the right technologies – including state of the art Security solutions - to transform their businesses.

Your background

You're studying a bachelor or master's degree with a background in security and will be graduating in summer 2024;

You have excellent communication skills in English and Dutch or French;

You are a typical go-getter with an infectious can-do attitude;

You have a passion for Security and a keen interest in business;

You are a true team player who works to the best of your abilities and inspires colleagues along the way;

You thrive in a diverse working environment comprising employees from all walks of life, cultures and creeds.

You're often working at our client's site, so you're ready to travel in Belgium and abroad with a varying intensity.

Our offer

Accenture is an incredible place to work - and keep learning. By joining us, you'll become part of a global company with a world-class brand and reputation. Besides the work we do for our clients, we're really proud of our vibrant, diverse workplace culture: we believe in openness and honesty, fairness and equality, common sense and realism. We want to get to know the real you and help you explore and grow - whatever it is you're great at. So you

will always have lots of learning opportunities (formal and informal) to improve your role-specific skills and expertise.

Besides our high-profile, challenging projects and our nurturing work environment, we offer excellent employee benefits, including:

13th month + holiday allowance

20 + 12 holidays

Laptop and smartphone

Hospitalization insurance and extensive group insurance package

Bonus program

Training & learning opportunities

Green mobility program: e-bikes, public transport, bike 2 work allowance,...

Flexrewards: decide on your rewards package with our flexible benefits tool

Discount program: get discounts at your favorite (online) shops

Employee shares purchase plan

Eco-cheques

And many more!
